

Agenda 47 | Day One Executive Order Ending Citizenship for Children of Illegals/Outlawing Birth Tourism (5/30/23)

"My policy will choke off a major incentive for continued illegal immigration, deter more migrants from coming, and encourage many of the aliens Joe Biden has unlawfully let into our country to go back to their home countries."

- On Day One, President Trump will sign an Executive Order to stop federal agencies from granting automatic U.S. citizenship to the children of illegal aliens.
- His order will explain the clear meaning of the 14th Amendment, that U.S. Citizenship extends only to those both born in AND "subject to the jurisdiction" of the United States.
- It will make clear that going forward, the children of illegal aliens will not be granted automatic citizenship, and should not be issued passports, Social Security numbers, or be eligible for certain taxpayer funded welfare benefits.
- Federal agencies will require that at least one parent be a U.S. citizen or lawful permanent resident for their future children to become automatic U.S. citizens.
- The Executive Order is part of a larger strategy to fully secure the Southern Border starting on Day One. It will remove a major incentive for illegal aliens and other foreign nationals to come to and remain in the United States in violation of our laws and National sovereignty.

As America sees the highest levels of illegal border crossings during the Biden administration, Trump vows to solve this problem and bring law and order back to the boundaries of United States of America.
