

Agenda 47 | President Trump Calls for Death Penalty for Human Traffickers (7/21/23)

"Under my leadership, we did more than any administration in history to combat human trafficking and to end modern day slavery,"

- I will immediately end the Biden border nightmare that traffickers are using to exploit vulnerable women and children.
- We will fully secure the border. I will wage war on the cartels just as I destroyed the ISIS caliphate, 100% gone, 100% destroyed.
- I will use Title 42 to end the child trafficking crisis by returning all trafficked children to their families in their home countries and without delay.
- I will urge Congress to ensure that anyone caught trafficking children across our border receives the death penalty if proven guilty in court.
- I signed an executive order targeting transnational criminal organizations that traffic and exploit innocent people. I signed the Frederick Douglass Trafficking Victims Prevention and Protection Reauthorization Act, authorizing \$430 million to fight sex and labor trafficking. And I will order this again when I return to the White House.

President Trump successfully brought order and control to our southern border. He reduced the size of drug shipments, gun running, and human trafficking coming into our country. President Trump took historic action to combat these terrible problems. He will reinstate his successful policies when back in the White House.
